

GUIDELINES FOR CHAPERONES

We are so glad to have you along to be a part of our children's education! In order to provide valuable assistance to the children, their teacher(s), and Chippewa Nature Center (CNC) Educators, please observe the following:

- Remain with your assigned group at all times, unless directed otherwise by the teacher or CNC Educator.
- Assist with bathroom breaks or other unforeseen events as needed.
- Please silence all cell phones and pagers during the program.
- Remember there is no smoking permitted on Chippewa Nature Center property.
- Encourage students to behave respectfully towards others during their visit.
- Model desired behaviors during the program—Show the children how to be attentive and see what you can learn today!
- Allow the students to respond to questions and interact with staff—Resist the temptation to answer for the children or share your own experiences. The program is for the children, and their eagerness and creativity may be the best part of your experience here!
- Enjoy your visit to Chippewa Nature Center and come back soon!

400 S. Badour Rd, Midland, MI 48640, 989-631-0830, www.chippewanaturecenter.org
